

Learning is just around the corner

NEWS UPDATE – Fall 2016

In an effort to keep you informed of the ongoing activities at City School by Mohawk, we are pleased to provide you with a quarterly newsletter giving regular updates on the exciting developments at City School.

Ministry Announcement & City School Mobile

On August 23rd the Honourable Deb Matthews, Minister of Advanced Education and Skills Development, announced a \$1.6 million investment from the province in Mohawk College's City School initiative. This funding will support the existing City School locations, and the development of a new mobile classroom, capable of reaching an even wider audience of potential learners in even more locations in Hamilton. Community engagement with priority neighbourhoods is underway to seek input into the design of programming for the City School Mobile.

Upcoming This Fall

Registrations for our upcoming credit courses this fall are very popular with each course almost at capacity.

Courses include Family Dynamics and College 101 delivered at Eva Rothwell, and Digital Photojournalism at the Hamilton Public Library. In addition to the credit courses, the Job Ready Toolkit learning lab is proving to be a popular choice for community residents of the Keith neighbourhood around Eva Rothwell who are looking to improve their employment skills.

Applied Research

We continue to track the pathway of the students who have completed or enrolled in City School course delivery. Research projects funded by the Ontario Council on Articulation and Transfer, and the Social Sciences and Humanities Research Council of Canada are currently underway to better understand the long-term impact of the City School model.

Stay connected!

Social media outreach is an excellent way to stay connected about current programming options. Like us on Facebook, follow us on Twitter, or check out our website for more!
