General Description of Duties:
Golder has a new opportunity for a Geotechnical Field Technician on a contract basis within our GTA operations (Whitby, Markham, Mississauga, Cambridge and Barrie offices). This opportunity will allow you to develop your technical skills in the field with like-minded professionals in an employee-owned international firm.

Successful candidates will be responsible for the following:

• Providing technical services in a field and office environment;
• Providing technical assistance in materials related projects and tasks, including carrying out field and laboratory testing of various materials on construction sites, in-situ density testing and testing of concrete and asphalt materials;
• Performing construction site reconnaissance, inspections and observations;
• Carrying out fieldwork, directing field work operations for subsurface investigations including layout, supervising drill rigs and/or excavators, logging boreholes and test pits, site surveying to determine elevations at specific locations, sampling soil and groundwater, and detailed site sketches;
• Using specialized equipment and apparatus to prepare analyses, reports and/or technical drawings;
• Summarizing and analyzing findings from investigations and lab testing for report writing; and,
• Working with and providing support to other members of the group in assisting with other field and office activities as required.

Skills and Experience Required:
• College Diploma in a Civil Engineering Technician / Technology or Construction Engineering Technician / Technology diploma program, preferably with a focus on Geotechnical Engineering;
• Previous experience working as a geotechnical technician is an asset;
• Must own a vehicle with appropriate insurance coverage and hold a valid driver’s license;
• Good written and verbal communication skills;
• Strong organizational skills; and,
• Knowledge of drilling procedures is an asset.

In addition, to be successful at Golder Associates, you will be able to demonstrate the following Success Attributes: an ownership attitude, initiative, enthusiasm, a desire to continually learn and grow, a detail and quality focus, good judgement, a good work ethic, is adaptable and good communication skills.
