General Description of Duties:
The Health Care Technician (HCT) provides direct hands-on care to patients in the patients’ home under the direction of a Directing Registered Nurse (DRN). Within the eShift programs, the Care Technician provides enhanced personal support to a variety of patient populations in the community, including pediatric, palliative, complex care, and chronic disease management.

Skills and Experience Required:
• Personal Support Worker (PSW) certification.
• Developmental Support Worker (DSW) certification will be considered.
• One (1) to two (2) years’ experience as a PSW.
• Current CPR and First Aid certification.
• Demonstrated knowledge of fundamentals of Palliative Care- Level I (course completion or a commitment to take the next available course within the first year of employment).
• Experience in Palliative or acute care (hospital) preferred.
• AHPCE course completion is an asset.
