Courses, training and support for international students and professionals

International students arriving at Mohawk College can look forward to enjoying an exciting and rewarding experience. Through our Language & Culture Centre (LCC), we offer English language and cultural training. We also provide counseling and guidance services to support new students in their new country, and to help ensure the transition is a smooth one.

English for Academic Purposes New 7-week intake – Starting in January 2015

English for Academic Purposes (EAP) at Mohawk is a series of 7-week levels designed to develop students' language skills from pre-basic to college level English. The continuous intake program accommodates students arriving at different times throughout the year, and is also for those who wish only a short-term academic language experience.

At the higher levels of EAP, students have the opportunity to raise English language skills to post-secondary levels and can earn post-secondary credits in level 7 and level 8. The completion of program Level 8 opens up College and University pathways.

EAP programs are offered in continuous intakes every 7 weeks. The cost of a 7-week session is \$2650.
