It's *your* education. Take it with you wherever *you* want to go.

Pathways News:

Diploma to Degree Pathways in Environmental Science with Western University

Mohawk and Western University have renewed the pathways agreement which provides students the opportunity to transfer credits earned in the Environmental Technician diploma program towards completion of an Environmental Science degree at Western. You can complete a degree and be one step closer to an exciting career in Environmental Science!

[Western's Environmental Science program](#) offers an interdisciplinary approach to studying and solving environmental problems. In the program, you can choose courses from science, engineering, social science, arts and humanities, including field courses.
