

# NOTICE OF A PROPOSAL

## By Mohawk College of Applied Arts and Technology to Engage in a Renewable Energy Project

**Project Name:** Fennell Campus Wind Project

**Project Location:** Mohawk College, Fennell Campus

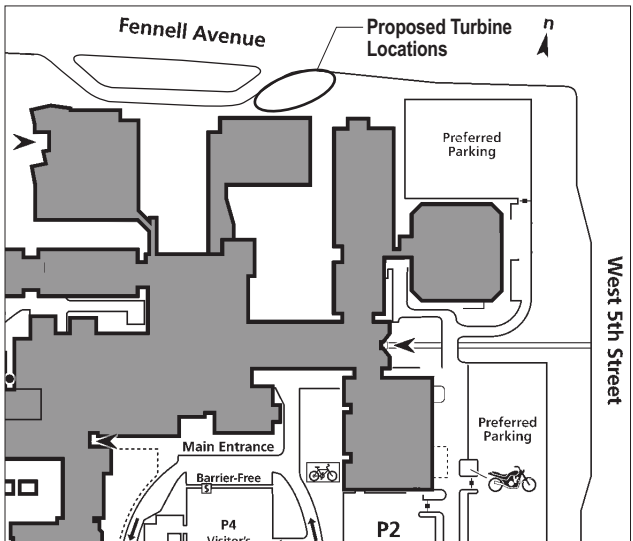

**Dated at the City of Hamilton this the 30th of September 2010**

Mohawk College of Applied Arts and Technology is planning to engage in a renewable energy project in respect of which the issuance of a renewable energy approval is required. The distribution of this notice of a proposal to engage in this renewable energy project and the project itself are subject to the provisions of the *Environmental Protection Act (Act)* Part V.0.1 and Ontario Regulation 359/09 (Regulation). This notice must be distributed in accordance with section 15 of the Regulation prior to an application being submitted and assessed for completeness by the Ministry of the Environment.

### Project Description:

Pursuant to the Act and Regulation, the facility, in respect of which the project is to be engaged in, is considered to be a Wind Facility Class 2. If approved, this facility would have a total maximum name plate capacity of 6 kW.

The Project area is shown in the map below:

This project is being proposed in accordance with the requirements of the Act and Regulation. The Draft Project Description Report titled *Fennell Campus Wind Project Draft Project Description Report* describes the facility as two V3.5 Vertical Axis Wind Turbines. Wind is used to push the vertical blades to produce electricity. The turbines low blade speed ratios minimizes audible noise. The facility will stand 29 feet tall and will consist of 2 turbines, generators, and inverters to consistently produce electricity. A written copy of the Draft is being made available for public inspection at Mohawk College, Fennell Campus Library, and at [www.mohawkcollege.ca](http://www.mohawkcollege.ca).
