Plan for Success at Mohawk

Mohawk is a leader among Ontario's colleges. Deeply rooted in our community and the demands of the present, we have a global perspective that addresses the needs of the future.

We are transforming the way we deliver educational experience.

As leaders in remote and virtual education, we will provide you with an exceptional learning experience, face-to-face, online, or a mix of both.

We strive to ensure an inclusive environment for everyone.

Our focus is to create an environment that reflects all identities, where every student belongs, is welcomed and has a voice.

Equity, Diversity, and Inclusion (EDI)

Once registered as a student, you are part of the Mohawk Students' Association (MSA) – your student government, and built-in best friend on campus. Learn more at mohawkstudents.ca and follow the MSA at   /MSAMohawk.

We have an impressive track record as a community leader.

City School by Mohawk breaks down barriers to education by offering free college courses to Hamilton neighbourhoods.

We are leaders in experiential learning.

Mohawk programs offer a wide range of hands-on, practical learning to prepare you for your future career, including co-op, applied research, placements and simulation.

We are inspiring students to be the sustainability leaders of tomorrow.

As the first Ontario college to earn a STARS® Gold Rating for sustainability, Mohawk is taking action to promote a sustainable lifestyle.

Majlinda Qarri

We have innovative faculty that reflect our core values.

Our faculty are experts in their field and bring real-world experience to the learning environment. Majlinda Qarri, faculty member and researcher with Mohawk's Energy & Power Innovation Centre, helps Canadian companies develop innovative energy solutions for the future.

We  Our Students!

Students and learning are at the heart of all we do.

From orientation to graduation, Mohawk offers services and activities to help you get the most out of your education, prepare you for your future career and make your college experience memorable.

6 steps to becoming a student

Important dates*

Applying for
Fall 2022:

FEBRUARY 1
Equal consideration date

MAY 1
Accept your offer of admission

JUNE 15
Tuition deposit due for new students

Applying for
Winter 2023:

JUNE 1
Equal consideration date

MID-JULY
Accept your offer of admission

NOVEMBER 15
Tuition deposit due for new students

*International students should visit mohawkcollege.ca/International for time lines and instructions.

Your step-by-step guide to becoming a Mohawk student

STEP 1 **Prepare**

Research your interests, take a virtual tour, attend events or connect with an advisor. International students should visit mohawkcollege.ca/International for step by step directions on applying to be a Mohawk student.

STEP 2 **Choose your program**

Use our career tools to explore your interests and personalize your Mohawk experience by creating your [custom viewbook](#)— you'll get the information you want, organized by your interests, sent right to your inbox.

STEP 3 **Apply**

Ready to apply? Domestic or Canadian applicants apply through the Ontario College Application System at ontariocolleges.ca. You are considered a Domestic applicant if you are a Canadian citizen or a permanent resident that resides inside or outside of Canada.

Pay special attention to the deadlines for competitive programs, indicated with **C** beside the program name. These programs have more qualified applicants than there are spaces. To be considered on an equal basis with all other applicants you must apply for these programs before the “equal consideration date”. Refer to the applicant timeline below for important dates.

If you need help, contact our [Discovery Team](#) for assistance.

STEP 4 **Accept your offer of admission**

You're in! Welcome to Mohawk College! Congratulations on your offer of admission. We can't wait to meet you. Reserve your spot by accepting your offer at ontariocolleges.ca. Watch out for your [fee statement](#) and the Registration and Fee Guide and prepare to secure your seat with your non-refundable deposit.

STEP 5 **Pay your fees and select your timetable to register**

When registration opens for your program you will need to pay the balance of your fees, or make financial arrangements to defer your fees, and select your timetable to complete your registration. We can help you understand the financial assistance options you may qualify for. Learn more at mohawkcollege.ca/FinancialAssistance.

STEP 6 **Get ready to be a Mohawk student**

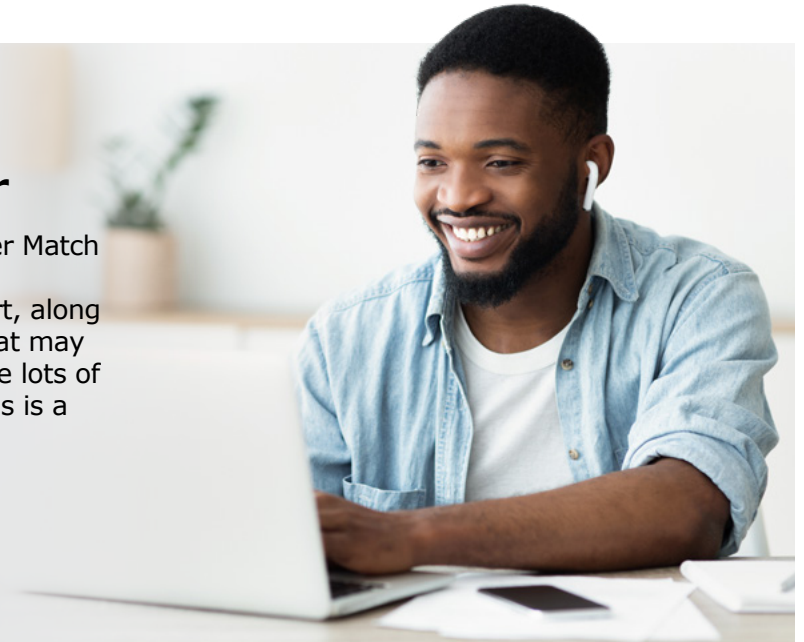

You'll get access to tools and resources to help you prepare for life as a student, including the [Future Ready Toolkit](#), Orientation, and more. We are excited that you've selected Mohawk and can't wait to meet you.

Plan for Success

We've joined forces with leading employers in the Hamilton Region to create the Future Ready Premium Employer Program, a new partnership designed to actively engage industry and community partners in the training of job-ready college graduates.

The initiative will provide Mohawk students with:

- [New learning modules to support career development throughout your program of study](#)
- Early exposure to significant employers in the region
- New experiential learning and applied research opportunities
- Opportunities to explore company-specific jobs prior to graduation
- Post-graduation job search advising and support

Our Future Ready Alumni

Meet Tom

"I wanted a career that kept me engaged and constantly learning and growing. I became interested in Human Resources Management after taking an elective HR course in university. I knew Mohawk College's great reputation, so when I found out Mohawk offered an HR Management post-graduate program, the choice was easy. One of my classmates completed their placement with Samuel, Son & Co. and recommended me.

Faculty Spotlight

Jennifer Curry Jahnke, M.Ed., IAAP (CPAAC), is a Mohawk College Faculty Award of Excellence (2021) Coordinator for the Accessible Media Production graduate certificate program.

As a faculty member in the program she is passionate about teaching students how to make their media content accessible for all users while modelling accessible pedagogy; Principle Investigator, Digital Accessibility Applied Research with IDEAWORKS' Accessibility Research Lab.

Jennifer is a committee member for the AODA Post-Secondary Education Standards Development & K-12/PSE Technical Committees.

Program: [Accessible Media Production](#)

Bilal Al Momani, BSc, MSc, Ph.D., is a professor of Computer Science at Mohawk College in Hamilton, Canada, and a researcher at the college's IDEAWORKS. As a faculty member at Mohawk College's digital health program, he has developed and taught several computer science and business courses. He is an active researcher as a member of the Internet of Things (IoT) Expert Board and the Artificial Intelligence (AI) Advisory Group.

Bilal has extensive experiences working in applied research projects and his main research focus includes Image Processing, AI, Network and Cloud Computing, and Smart City applications of IoT.

Program: [Digital Health](#)

FEATURED PROGRAM

Digital Health Graduate Certificate

Mohawk's Digital Health Graduate Certificate combines computer science, health and business to give you the skills and experience to design and develop IT healthcare solutions.

[Learn more](#)

Find your program

The following pages offer an overview of our wide variety of programs. We encourage you to visit the program webpage to read more about experiential learning opportunities, review the program of study, meet faculty, and more.

Wondering how long a program will take to complete?

Different credentials require different amounts of time to complete and depend on many factors including co-op work terms, fast-track options where semesters are back-to-back with no semester break, and your pace of learning. You'll find information about program length on each program's web page.

Online learning

Mohawk's full-time and part-time online [programs](#) provide unique academic opportunities paired with the flexibility and learning preferences to meet the demands of different lifestyles. Earn a diploma without the need to commute or relocate, while joining Mohawk's vibrant community of students and alumni.

NEW!

Be the first to hear about new programs starting in 2022, including:

- Nutrition for Health and Wellness (OCGC)
- Public Health Nursing (OCGC)

Visit mohawkcollege.ca/NEW for updates, info sessions, and more!

Are you an international student?

If you are a citizen of another country and do not have permanent residency status in Canada, connect with our international team at mohawkcollege.ca/International.

Plan your future at Mohawk!

Apply once and gain acceptance into two one-year graduate certificates. You'll simplify your study permit application, and could qualify for a 3 year Post-Graduate Work Permit. Connect with a Market Specialist to learn more at mohawkcollege.ca/OnePlusOne.

Learn more about careers at mohawkcollege.ca/CareerTools.

Accessible Media Production

mohawkcollege.ca/390

The first-ever graduate program of its kind in Ontario, you will receive intensive training in accessible media production and learn how to make content compliant with the Accessibility for Ontarians with Disabilities Act (AODA). Using the latest technology and taught by top industry professionals, learn to produce accessible content such as closed and open captioning; described and integrated described video; and accessible documents, social media and websites.

Career opportunities

Graduates are employed in a variety of sectors including education, municipalities/government, financial institutions, web and software development, media and communications, with accessibility companies and as accessibility consultants.

Advanced Police Studies

mohawkcollege.ca/226

In this intensive graduate program, you will receive hands-on training by experienced faculty made up of former police officers and law enforcement professionals. Learn to practice intelligence-led policing, crime scene

management, suspect detection and apprehension. Extensive judgmental training scenarios provide opportunities to apply accountable, ethical and effective professional practices when interacting with individuals and groups from diverse backgrounds.

Career opportunities

Graduates may work in positions such as police officer, crime scene manager / analyst, peace officer or Canada Border Services Agency officer.

Advanced Security Management

mohawkcollege.ca/174

Using theoretical and scenario-based learning environments, this program is designed to provide you with an advanced level of skills and knowledge in the ever-changing world of sophisticated and enhanced protection services. Learn to analyze a variety of threats and risks to individuals, organizations and communities, while enhancing and developing your ability to effectively prevent and respond as a protection professional. Attain and work towards recognized industry credentials and designations in business continuity, emergency management, firearms, high-level investigations, physical skills and fraud examination. Diversely experienced faculty will train learners in

computer investigations & cybercrime, risk management, executive protection, threat assessments, intelligence gathering and analysis, and corporate asset protection. Physical skills training includes investigative interviewing and certification in handcuffing, ASP baton, live-fire indoctrination on industry specific firearms.

Career opportunities

Graduates may work in all areas of the protection industry in both the public and private sectors. Police services, Canada Border Services, Corrections, Canadian Intelligence Services and all other government agencies are realistic career options. The private sector offers opportunities in risk management, executive protection, corporate security, security management, business continuity, loss prevention, forensics, fraud examination, cyber-crime, private investigation and emergency management.

Analytics for Business Decision Making

mohawkcollege.ca/386

This program prepares you to become a skilled data professional and an essential contributor to business decision-making processes. Learn to analyze and interpret digital information and use business intelligence and

data analytics software with a focus on data identification, consolidation, communication, reporting, manipulation and trending. Graduates may pursue obtaining the Certified Analytics Professional designation.

Career opportunities

Graduates may work in positions such as data analyst, business analyst, data scientist and business intelligence analyst. Fields of employment include technology sector, marketing, finance, sports and entertainment, insurance and health care.

Autism and Behavioural Science

mohawkcollege.ca/164

You will learn about the science of Applied Behaviour Analysis and how to design and apply evidence-based treatments to teach socially significant skills to individuals with Autism Spectrum Disorder (ASD), acquired brain injuries, mental health disorders, and developmental disabilities. Students learn how to collect and analyze data to inform programming decisions, how to use an ethical decision making framework to guide professional practice, and have the opportunity to complete two field placements to apply their classroom knowledge. This program has been verified by the Association for Behavior Analysis International (ABAI) and meets the coursework requirements

for eligibility to take the Board Certified Assistant Behavior Analyst® (BCaBA) examination (additional requirements must be completed in order to qualify).

Career opportunities

Graduates may work in positions such as instructor therapist, behaviour therapist or Applied Behaviour Analysis (ABA) therapist. Areas of employment include community / private treatment agencies, private family residences, hospital/ clinical settings and school boards.

Bachelor of Technology Partnership: Degree Completion Program

eng.mcmaster.ca/btech-dcp

Get a degree that works for you in Civil, Manufacturing, Power and Energy, or Software Engineering Technology. The W Booth School of Engineering Practice and Technology at McMaster University and School of Engineering at Mohawk College have collaborated to provide a unique pathway for college graduates. Mohawk grads with an advanced technology diploma can earn a Bachelor of Technology (BTech) degree from McMaster University. All courses are offered through classes at McMaster University and are held in the evenings and on Saturdays. Many students choose to study part-time while they continue to work, however, full-time options are also available.

Career opportunities

Graduates of this program are ideal candidates for engineering, project management, and supervisory roles that require a technical background.

Brain Disorders Management

mohawkcollege.ca/470

As the first program in Ontario to focus on brain disorders management, graduates will be well prepared to support clients or work behind the scenes in research or policy development. Through lectures, patient simulations, specialized training and guest speakers, this program engages a variety of learners. Fully online or in-class options are available for coursework, with a field placement (336 hours) occurring in the final semester.

Career opportunities

Graduates work in rehabilitation clinics, athletic centres, hospitals, research institutions, schools and school boards, retirement homes and non-profit organizations.

Business Analysis

mohawkcollege.ca/334

Learn a variety of business analysis techniques and skills to support new or improved innovative business processes. Coursework includes enterprise analysis and planning, quality assurance methodologies, programming fundamentals, and database design and management. Work in computer labs, using current software to test and apply course concepts. A field placement in the business analysis sector allows you to further enhance your educational experience by applying learning to real world problems.

Career opportunities

Graduates may work as an analyst specializing in business, business process, program quality, data, operations, or business systems. Other roles include change management specialist and project manager, working in areas such as information technology, financial and insurance institutions, health and social services, government and public sector, manufacturing and business professional/consulting.

Career Consultant Certificate

mohawkcollege.ca/076

Career development has become a unique specialty that continues to evolve alongside economic and labour market changes. This program will interest individuals with experience in career development who wish to enhance their skills, and those in human service areas wishing to add these competencies to their employment profile. You will find this program valuable if you currently work in Education, Human Resources, Social Services, Career Information Centres, Recruitment Firms, Employment Agencies, Rehabilitation and Multicultural settings.

Career opportunities

Graduates may be employed as career consultants at Employment Ontario service providers/agencies, human resource departments, counselling or career counselling professions, educational institutions, recruitment firms, social services organizations, employment agencies or WSIB and rehabilitation services.

Community and Social Services Management

mohawkcollege.ca/987

In this online program, examine and apply market-based strategies to achieve a social purpose and develop a vision and values-based management approach. Coursework includes public administration, management principles, corporate social responsibilities and human resources for community management. You will participate in an integrated learning project working with industry partners to analyze a management, policy or human resources problem for a community or organization.

Career opportunities

Graduates work in positions such as case worker, supervisor of community justice programs or community development worker. Places of employment include individual and family services, civic and social organizations, local and municipal public administration, and retirement and nursing care facilities.

Concurrent Disorders

mohawkcollege.ca/252

Building on previous academic work, you will learn to assess, treat and work with individuals and families battling addiction and mental health issues who present complex diagnosis and treatment challenges. Coursework includes development of counselling skills, pharmacology for concurrent disorders, supporting families living with concurrent disorders, and relapse prevention and harm reduction. Additionally, you will attain job-ready skills by completing field placements in community organizations.

Career opportunities

Graduates work in positions such as case manager, mental health worker, community worker and addiction worker in a variety of settings including community agencies, day programs, detoxification units, mental health/addiction services and shelters.

Cyber Security Analytics

mohawkcollege.ca/557

You will develop an understanding of cyber security concepts, industry best practices for securing information systems, sensitive data and applications to protect organizations against fraud,

data breaches and other vulnerabilities. Learn how to defend against a cyber attack by participating in real world cyber attack simulations in our brand new, state of the art Cyber Lab. Graduates will be well prepared to develop, implement and evaluate cyber security strategies and solutions for various operating systems, networks, applications and databases.

Career opportunities

Graduates work in areas such as cyber security operations, cyber security threat assessment and policy testing, identity and access management with personal privacy, and auditing and security review. Employment sectors include financial/banking, computing services, medical, education, government, airlines, research institutions, law enforcement and military.

Diagnostic Cardiac Sonography

mohawkcollege.ca/717

In this nationally recognized and accredited program, you will develop field and clinical skills as part of an interprofessional team in the Centre for Health Care Simulation lab. Through classroom, lab, simulation and clinical experience, technical skills are applied to produce and evaluate diagnostic cardiac images and data using sonographic

technology. Prior to graduation, you will complete extensive unpaid clinical training with affiliated clinical agencies. Program is delivered over a period of four consecutive semesters.

Career opportunities

Graduates may work in positions such as cardiac sonographer, clinical application specialist, sonography educator, medical sales representative or medical researcher.

Digital Health

mohawkcollege.ca/594

This program provides extensive hands-on learning opportunities in business, health and technology in our state-of-the-art labs, preparing grads for the rapidly growing field of digital health.

Career opportunities

Graduates may work in positions such as clinical systems analyst, information systems specialist, business processes analyst, health records manager, health systems technician and health informatics specialist.

Diploma RPN to BScN Degree

mohawkcollege.ca/755

Students interested in the McMaster Nursing (BScN) program at Mohawk College will submit their application through OUAC (Ontario University Application Centre). Applicants can select McMaster RPN to BScN (Mohawk site) from the program listings.

This full-time program has been designed for those who hold a Registered Practical Nursing (RPN) Diploma and are in pursuit of earning a Bachelor of Science in Nursing Degree. The curriculum is unique in that it emphasizes person-centered learning within a problem-based approach, uses tutorial classes and facilitates self-directed learning. Graduates are conferred a BScN degree from McMaster University.

Career opportunities

Upon successful completion of the program and the College of Nurses of Ontario (CNO) licensing exam, graduates become a member of this regulated health profession and may then practice as a Registered Nurse (RN) in all the domains of Nursing, including administration, clinical care, education, policy and research.

Early Childhood Education (Intensive)

mohawkcollege.ca/263

This fast-track program has been designed for those who have already earned a related degree or diploma. Learn about the physical, cognitive, social and emotional needs of children. A Living Lab provides a realistic early years environment for hands-on learning. Field placements are built into the curriculum to provide you with the opportunity to integrate classroom learning into practice with groups of children in the community. Coursework includes child development, curriculum, inclusive classrooms, supervision and administration, and health policies and practices.

Career opportunities

Graduates work in a variety of settings which include (but are not limited to) child care centres, family support/resource programs, before and after school programs, early intervention and support services, licensed home child care/agencies and kindergarten classrooms in the elementary school system.

Early Childhood Education Resource Consulting

mohawkcollege.ca/956

This fast-track program has been designed for those who have already earned a related degree or diploma. Learn about the physical, cognitive, social and emotional needs of children. A Living Lab provides a realistic early years environment for hands-on learning. Field placements are built into the curriculum to provide you with the opportunity to integrate classroom learning into practice with groups of children in the community. Coursework includes child development, curriculum, inclusive classrooms, supervision and administration, and health policies and practices.

Career opportunities

Graduates work in child care centres, Ontario Early Years centres, after-school programs, preschools / nursery schools, centres for children with special needs, early intervention and support services, regulated home-based family child care and full day kindergarten in the public school system.

Educational Support (Intensive)

mohawkcollege.ca/997

This fast-track program has been designed for those who have already earned a related degree or diploma. You will develop skills to work within a school or alternative setting to support students with exceptionalities. Field placements are built into the curriculum to provide you with opportunity to integrate classroom learning into practice with groups of children in the community. Coursework includes technology and adaptive devices in education, transition planning, and physical, multiple and communication exceptionalities.

Career opportunities

Graduates may work in positions such as educational assistant or learning facilitator within school boards, private schools, community facilities offering special education, and college and postsecondary programs.

Global Business Management (*International only*)

mohawkcollege.ca/967

Gain a critical understanding of the important elements of global business, a cultural orientation to Canada, and the language and communication requirements to be effective in a global business setting. Year one is designed to

expose you to foundational international and Canadian business practices and help you to strengthen your English communication, math, and statistical skills. Advanced international business practices will be covered in your second year, including Supply Chain, Marketing, Sales and Negotiation, E-Commerce, Finance, Business Analytics and Project Management. All course work is linked through the completion of an international business capstone project.

Career opportunities

Graduates may work in positions such as business development executive, financial analyst, marketing analyst, transportation manager, customs broker, inventory control coordinator, purchasing agent or procurement clerk.

Human Resources Management

mohawkcollege.ca/113

This graduate program provides training to those seeking employment in the human resources profession or to those currently working in the field who wish to upgrade their training and gain professional accreditation. You will develop strategic skills to effectively manage a diverse workforce in today's ever-changing business environment. Courses provide credits toward the Certified Human Resources Professional (CHRP) designation. You will gain practical experience during a work placement in the final semester.

Career opportunities

Graduates may work in positions such as human resources generalist, recruiter, training and development specialist, compensation and benefits administrator, labour relations officer or health and safety specialist.

International Business Management

mohawkcollege.ca/116

Gain the necessary product management skills to support global strategies and opportunities within an organization. Graduates are well prepared to develop an international market entry strategy for a service or product, create an international business plan to support the global strategy of a company, and investigate and analyze aspects of international trade for an organization. Participating in interactive business simulations and applying program knowledge through a capstone research project are essential components of the program.

Career opportunities

Graduates may work in positions such as product manager, foreign affairs analyst, international account representative, logistics and distribution specialist, business development executive, transportation manager, customs broker analyst, inventory auditor, purchasing agent or quality assurance manager.

Learning Disability Specialist

mohawkcollege.ca/485

The Learning Disabilities Specialist graduate certificate program provides students with a thorough understanding of: the impact of learning disabilities, co-existing conditions such as neurodiversity, mental illness, nonverbal disabilities, and Attention Deficit Hyperactivity Disorder, utilizing assistive and adaptive technology, and privacy and security issues specific to health data.

Career opportunities

Graduates may work in positions such as Special Education, Community Service Workers, Academic Mentor, Accessibility Counsellor, Assistive Technologist, Learning Strategist in an educational institution, Tutor, and Adult Education programs.

Libraries and Digital Technologies Certificate

mohawkcollege.ca/965

Designed for graduates of the Library and Information Technician Diploma or those with an existing library sciences education, this program explores the challenges, opportunities, and potential impact of current and emerging technologies on various library systems. Gain the conceptual insight and

practical leadership strategies needed to succeed through active learning, a culminating activity and capstone project. Available in an accessible, part-time, online program format, you can learn in an engaging environment without interrupting your current employment.

Career opportunities

This graduate certificate can provide students with the skills and digital competencies needed to explore opportunities and the potential impact of current and emerging technologies in their organization. Employment may be in academic, public, school and special libraries and other information service settings.

Mental Health and Disability Management

mohawkcollege.ca/475

Investigate the experience of dual diagnoses, including diagnostic criteria, intervention strategies and supports for clients and families. Graduates will be well prepared to support clients with mental illness and disabilities as well as work behind the scenes in research or policy development. Fully online or in-class options are available for coursework, with a field placement (336 hours) occurring in the final semester.

Career opportunities

Graduates work in hospitals, research institutions, schools and school boards, retirement homes and non-profit organizations.

Perioperative Nursing

mohawkcollege.ca/943

Combining theory and hands-on clinical and lab experience, this Graduate Certificate will help you learn the guiding principals and practices of working in the operating room, including aseptic techniques, sterilization, surgical intervention and more.

Career opportunities

Please see program webpage for details.

Project Management

mohawkcollege.ca/399

Study in a field that is both highly sought after and relevant to today's business problems and opportunities. Learn from industry-experienced professionals. Considered the cornerstone in many organizations, Project Managers are highly sought after in a wide range of industries. This program addresses emerging trends in project management through courses in Agile project management. Earn micro-badges in Process Mapping and Analytics with the Mohawk/IBM partnership.

Career opportunities

Graduates may work in positions such as Project Manager, Scrum Master, Product Owner, Operations Analyst, Quality Assurance Analyst, Software Tester, Analytics Professional, Data Analyst, Business Systems Analyst and Change Management Specialist

Public Relations

mohawkcollege.ca/166

You will be immersed in the public relations industry through classes, labs, hands-on assignments and team-based projects. You will learn how to plan, develop and execute effective public relations strategies and enhance skills in event planning, public speaking and presentation. An industry-based field placement in a public relations or communications setting is integrated into the program curriculum. Graduates are well prepared to formulate PR strategies for all types and sizes of organizations, use social and digital media in PR planning and execution and write professional-level PR materials.

Career opportunities

Graduates may work in positions such as communications/information officer, marketing specialist, social media specialist, content strategy specialist, special events coordinator, speechwriter, publicist or media relations officer.

Recreation Therapy (Intensive)

mohawkcollege.ca/963

Graduates of this program support individuals with disabilities and/or limitations to maximize their independence, improve functioning and develop an optimal leisure lifestyle. Students gain knowledge and skills through a strong curriculum that has been successfully reviewed and determined to be in alignment with Therapeutic Recreation Ontario (TRO), and the Essential Competency Framework (ECF). As a result, graduates of this program are eligible to apply for the Registration designation through Therapeutic Recreation Ontario (TRO) upon graduation. The curriculum also includes multiple experiential trainings and certifications, an outdoor camp experience, and training in our own Multi-Sensory Lab. Practicum experiences guided by Therapeutic Recreation Ontario (TRO), standards of practice are an essential component of program curriculum.

Career opportunities

Career opportunities for graduates are found in a variety of healthcare settings including long term care facilities, acute/chronic care hospitals, inpatient/outpatient rehabilitation programs, young offender facilities, treatment centres, and community-based agencies serving people with disabilities.

Registered Nurse – Critical Care Nursing

mohawkcollege.ca/871

Designed for RNs looking to prepare for a career in a critical care setting, or those currently employed in a critical care setting who wish to improve their knowledge and skills, this program combines both theory and hands-on practice to prepare you to function effectively in a critical care setting.

Career opportunities

Specialization in Critical Care Nursing increases the opportunity for employment in critical care areas such as Adult ICUs or Emergency rooms, step down units, and in some instances, post-operative care areas.

Registered Nurse – Occupational Health Nursing

mohawkcollege.ca/875

In this Graduate Certificate program, you will study ergonomics and disability management, health and safety management, health and safety legislation and more, preparing you for practice as an Occupational Health Nurse. Led by instructors who are experienced industry professionals, this program will assist with meeting the application qualifications for the Canadian Nurses Association specialty certification

examination (COHN-C) or enhance the knowledge and skills of experienced Occupational Health Nurses.

Career opportunities

Please see program webpage for details.

Registered Nurse – Perinatal Nursing Certificates – High Risk Obstetric

mohawkcollege.ca/877

Combining theory and hands-on clinical work, learn to promote family-centered care for childbearing families.

Career opportunities

Provide safe, competent nursing care to families across the childbearing cycle, including antepartum, intrapartum and postpartum complications in pregnancy and management of high-risk patients in emergencies. This program helps prepare RN's for the Canadian Nurses Association Perinatal Nursing Certification Examination.

Registered Nurse – Perinatal Nursing Certificates – Neonatal

mohawkcollege.ca/876

Emphasizing physiology, evidenced-based practice, research and nursing management, this program will help you understand the needs of the mother, fetus/newborn, and family from preconception to six weeks postpartum. Combining theory and hands-on clinical learning, this program covers reproductive healthy and pregnancy, labour, delivery and newborn care.

Career opportunities

Prepare for many opportunities using specialized skills to provide safe, competent nursing care to families across the childbearing cycle, including caring for critically ill neonates, and term and pre-term neonates. This program helps prepare RN's for the Canadian Nurses Association Perinatal Nursing Certification Examination.

Registered Nurse / Registered Practical Nurse Mental Health

mohawkcollege.ca/930

Acquire current knowledge and skills in the specialty area of mental health nursing. This newly designed program

for RNs and RPNs explores concepts and trends necessary for functioning as a dynamic, innovative and effective member of the Mental Health care team. Develop the awareness and significance of the client's mental health journey, the nurse/client relationship including communication, the importance of the multi-team approach to care, the legal and ethical aspects of mental health nursing, cultural diversity and the impact of stigma.

Career opportunities

Specialization in Mental Health Nursing increases the opportunity for employment in a variety of mental health areas, facility and community based. The Mental Health Nursing Certificate Program will also prepare those who are eligible for the Canadian Nurses Association Mental Health Nursing certification examination.

Registered Practical Nurse – Maternal Newborn Nursing

mohawkcollege.ca/040

Explore a comprehensive study of nursing care of mother, fetus/newborn and family, from preconception to six weeks postpartum. Through a combination of theory and hands-on clinical work, there is a strong emphasis on physiology, evidenced based practice, research and nursing management.

Career opportunities

Improve your ability to provide effective, safe and satisfying care to patients and their families, including newborn and family assessments, problem recognition, newborn complications and more.

Social Service Intensive

mohawkcollege.ca/955

This fast-track program has been designed for those who have already earned a related degree or diploma. You will learn how to observe, assess, support and provide interventions to people experiencing significant changes in their lives. Graduates are well prepared for a career as a front-line service provider in a variety of social service settings.

Career opportunities

Graduates may work as social service worker, mental health worker, case manager or employment counsellor. Places of employment include community agencies, Ontario Works and Ontario Government recovery homes, residential and community mental health services, addiction services, and youth, seniors' and women's shelters.

Supply Chain Management

mohawkcollege.ca/385

Gain an advanced understanding of supply chain within the goods and services sectors. You will learn

the financial implications of supply chain decisions on overall business profitability, efficiency and stakeholder satisfaction. Graduates from this program are well prepared to coordinate the efficient handling and movement of goods, services, materials and related information within and between supply chains. The Supply Chain Management program has an active relationship with the Hamilton Oshawa Port Authority.

Career opportunities

Graduates work in positions such as planner supply chain, logistics analyst, supply chain specialist, and procurement specialist. Areas of employment include the aviation industry, manufacturing, public sector, natural resources or third-party logistics.

Working with Dementia Clients – Multidiscipline

mohawkcollege.ca/138

Designed for those looking to enhance their competency and skills in caring for those with dementia, this program explores the importance of preserving the personhood of individuals living with dementia, utilizing care-giving strategies, collaborating with multidisciplinary teams, the ethical and legal implication affecting individuals living with dementia and more.

Career opportunities

A specialization in dementia education provides opportunities for employment in a variety of community, long-term, and residential care-giving settings.

Land Acknowledgment

Mohawk College derives its name from the Mohawk Nation, one of the Six Nations of the Haudenosaunee Confederacy. The Confederacy marks a union of peace and friendship, and Mohawk College honours that union by recognizing the Six Nations of the Grand River and the Mississaugas of the Credit First Nation.

We acknowledge that the territories on which Mohawk College and its campuses are situated are governed by the Between the Lakes Treaty, the Dish with One Spoon Wampum Agreement, and the Upper Canada Treaty Agreement. These agreements are binding to this day and represent our mutual commitment to maintain healthy, reciprocal and respectful relationships with the many Indigenous nations and peoples of this area. We acknowledge this and iterate our dedication to inclusivity, to friendship and to valuing the ongoing contributions of Indigenous peoples and communities.

Mohawk College is dedicated to ensuring accessibility and has made every effort to provide this document in an accessible format. Contact accessibility@mohawkcollege.ca to request an alternate format or provide feedback.
