

Strategic Plan 2022 - 2025

at a glance

Vision: Future Ready. Learning for Life.

Mission: We educate and prepare highly skilled graduates for success and contribution to community, Canada and the world.

Meaningfully advance Truth and Reconciliation

Leadership Outcome

Guided by the Indigenous Education Council and with the support of Indigenous communities, we will be trusted as a committed leader and true partner in advancing Truth and Reconciliation.

Enable Future Ready education, research, programs, services and experiences – for students, employees and our community

Leadership Outcome

We will be the college of choice for a flexible, accessible and innovative learning and working environment.

Be a place that honours, values and celebrates the whole of every person

Leadership Outcome

We will be recognized as an equity, diversity and inclusion leader for our advancement of social justice initiatives focusing on recruitment, participation and advancement for all, creating a safe and caring campus for our students, employees and community.

Ensure access to education and reduce barriers for all

Leadership Outcome

We will be the national leader in providing barrier-free access to education by directly engaging with our communities through strong industry and community partnerships. We will refine and reimagine traditional delivery models to accommodate changes in how education, services, supports and employment are delivered.

Values

We are:

- Student-focused
- Committed to excellence
- Engaged with our community
- Inclusive
- Accountable

Lead in workforce development

Leadership Outcome

We will lead Canada's postsecondary sector in advancing an inclusive economic and workforce recovery, by building national alliances and partnerships that leverage proven models and innovative solutions, to generate positive collective impacts for all Canadian communities.

Make a measurable impact on climate change

Leadership Outcome

We will be the leader in climate action and sustainability in Canada and beyond, recognized for our exceptional climate action education and research, and for the bold targets we continue to set for the college.
