

## Message to Continuing Education Students

As of today, there is a province-wide faculty strike occurring at all Ontario Colleges. While we previously communicated that all Continuing Education courses would continue to run, we also noted that a strike can result in a significant degree of uncertainty.

We have recently been informed that picketing will occur throughout the evening which will likely cause significant disruption and delays to those both coming to and leaving the campus. As a result, we are concerned about the safety of our students, CE faculty, and colleagues on the picket line, and have made the difficult decision to postpone all in-person Continuing Education courses and workshops.

Most Distance Education and OntarioLearn courses will continue as originally scheduled. Any Distance Education and OntarioLearn cancellations will be communicated on <https://www.mohawkcollege.ca> on a daily basis. In addition, we will communicate any cancellations by e-mail and will post it in each eLearn course.

We will make every effort to support your ongoing success to make up any lost class time for postponed courses and workshops once the strike is over. These plans will be communicated directly to you by email.

For ongoing updates about the strike, please visit <https://www.mohawkcollege.ca/strike-update> and direct any questions or concerns to <mailto:strike@mohawkcollege.ca>.

The Mohawk Students' Association has also committed to providing up-to-date information on their website <https://www.mohawkstudents.ca/updates>.
