

## Strike Update 9:18 pm, Sunday, Oct. 15

Unfortunately, a province-wide faculty strike is happening at Mohawk and Ontario's other 23 colleges starting Monday, Oct. 16. All classes, exams and assignments are now on hold for the duration of the strike. We do not know how long the strike will last. Mohawk's three campuses will remain open during the strike. Student Services will continue to be available for students. Co-op work terms, field placements and clinical placements that do not require faculty supervision are continuing during the strike.
